COMPANY OVERVIEW

Since 2000, Trica Shipping and Logistics has been at the forefront of delivering reliable, modern, and tailored global freight and logistics solutions. Headquartered in the UAE and with strategic operations linked to Pakistan and other global trade hubs, Trica has more than two decades of excellence in handling import and export cargo with a keen focus on professionalism, transparency, and efficiency.

Staying ahead of evolving global shipping practices and integrating cutting-edge logistics technology into our operations has been key to our success. Safety, reliability, and value-driven services are the cornerstones of our operations, and we pride ourselves on delivering secure, efficient, and cost-effective shipping experiences that meet the complex demands of modern trade.

TRICA'S AIM

OUR VISION

To be the most trusted and technologically advanced logistics provider in the region, recognized for our service excellence, integrity, and ability to deliver results in even the most challenging scenarios.

OUR MISSION

To empower businesses by delivering reliable, timely, and innovative logistics solutions that optimize their supply chain performance and ensure global connectivity with local expertise.

Serving over 2,000 happy customers across Pakistan and the UAE, our commitment to tailored logistics solutions and dependable service has earned us the trust of small businesses and large enterprises alike.

80

SATISFIED CLIENTS

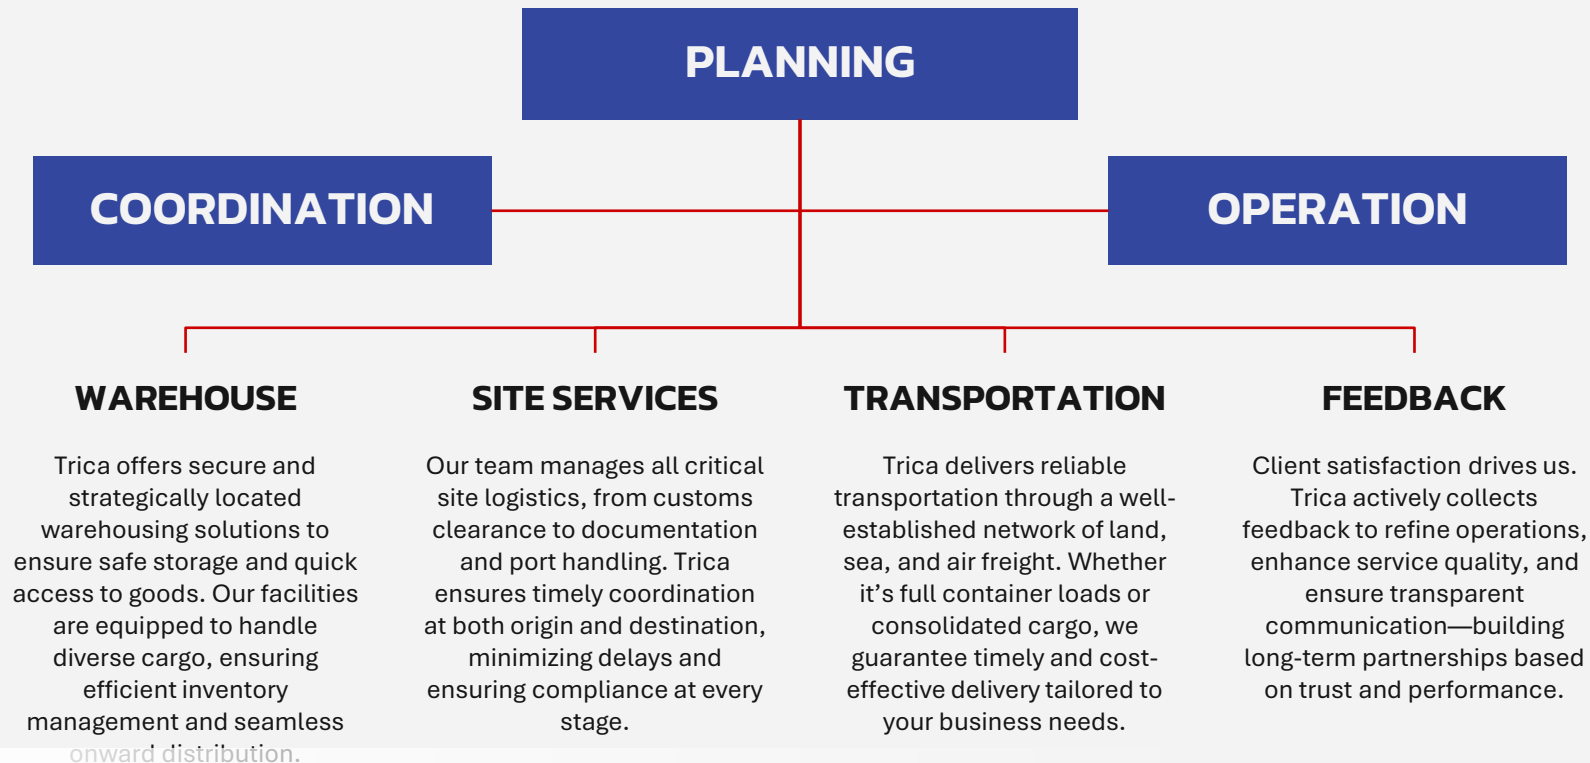

With 80+ satisfied corporate clients, our portfolio reflects successful collaborations across multiple industries. Our proactive communication, timely deliveries, and flexible shipping options ensure a consistently high client retention rate.

1250

HANDLED PROJECTS

From domestic freight to complex international shipments, Trica has successfully handled over 1,250 logistics projects. Our experience spans industries like manufacturing, FMCG, maritime, and retail, proving our capability to deliver results, every time.

OUR PROCESS

OUR SERVICES

1. Non-Vessel Operating Common Carrier (NVOCC)

Trica Shipping and Logistics provides full NVOCC services, allowing us to offer highly competitive freight solutions without owning vessels. By partnering with leading shipping lines globally, we can reserve cargo space in advance, offer flexible scheduling, and secure favourable freight rates for our clients. We manage all aspects of NVOCC operations including container consolidation, export/import documentation, and coordination with port authorities. Whether it's LCL or FCL cargo, we ensure seamless movement across oceans with complete

2. Freight Forwarding (Sea / Air / Land)

Our freight forwarding service spans all major transport modes—sea, air, and land—offering comprehensive global shipping solutions tailored to client requirements. From documentation to customs compliance and route optimization, our team ensures timely and secure cargo movement across international and domestic borders. We cater to time-sensitive air cargo, bulk ocean freight, and regional land transport, delivering fully integrated, end-to-end freight forwarding services backed by real-time tracking and proactive customer support.

3. Project & Heavy Lifts

Trica specializes in managing large-scale project cargo and heavy-lift transportation with precision. Whether it's industrial equipment, construction machinery, or oversized goods, our project logistics team meticulously plans each phase—from site assessment and packaging to route surveys and secure loading. With specialized handling equipment and a deep understanding of compliance regulations, we ensure the safe, efficient, and on-budget delivery of complex heavy-lift consignments.

4. Warehousing & 3rd Party Logistics (3PL)

We offer modern, secure warehousing and third-party logistics (3PL) services that help businesses optimize storage and distribution. Our warehousing solutions include bonded and non-bonded facilities, temperature-controlled storage, inventory tracking, and pick-and-pack operations. As a 3PL partner, Trica handles procurement, inventory management, order fulfilment, and last-mile delivery, enabling clients to streamline their supply chains and focus on core business operations.

5. Transportation Network

Our robust transportation network covers local and regional haulage across the UAE, GCC, and beyond. We operate a fleet of diverse vehicles including flatbeds, low beds, curtain-side trailers, and reefer trucks to accommodate cargo of all types. With trained drivers and route optimization tools, we ensure reliable, timely, and safe deliveries. Whether it's full truckload (FTL) or less-than-truckload (LTL), we guarantee flexibility, cost-efficiency, and high service standards.

6. Customs Clearance

Trica's experienced customs clearance team ensures your cargo complies with all local and international trade regulations. We handle documentation, HS code classification, duty and tax calculations, and liaison with customs and port authorities. Our expertise spans standard, restricted, and special cargo types. By minimizing clearance delays and ensuring regulatory compliance, we help our clients avoid penalties and improve cargo turnaround times.

7. Container Sales & Purchase

We facilitate the buying and selling of new and used shipping containers to meet the varied needs of our clients. Whether you're looking for standard dry containers, high cubes, reefers, or customized DNV-certified containers for offshore use, Trica offers quality units at competitive prices. We also assist with container modifications and provide advisory on the most cost-effective container solutions for long-term or short-term use.

10. Vessel Agency Handling

Trica Shipping and Logistics provides comprehensive Vessel Agency Handling services ensuring efficient coordination for all types of vessels calling at ports in Pakistan and the UAE. Our services include berth arrangements, crew handling, cargo operations supervision, documentation, and port clearance. We act as a reliable liaison between vessel owners, port authorities, and cargo stakeholders to guarantee smooth turnaround and cost-effective port stays. Our experienced team ensures compliance with all regulatory requirements and offers 24/7 operational support.

11. Feeder Agency Services

Trica offers specialized Feeder Agency Services that connect mainline carriers with regional ports through smaller feeder vessels. We manage scheduling, transshipment coordination, cargo tracking, and documentation for seamless inter-port movements. Our team ensures timely relay of cargo between mother vessels and feeder ships, enhancing supply chain continuity. With strong relationships across regional ports and customs authorities, we facilitate smooth operations while minimizing delays and optimizing transit times for clients relying on efficient short-sea logistics.

"Driven by Precision. Delivered with Trust."

We handle every shipment with accuracy, attention to detail, and a deep understanding of logistics. From documentation to delivery, our process is streamlined, secure, and built on transparency. You can trust us to move your cargo efficiently, because your success is our responsibility — and we don't take that lightly.
